60% Rule for Total Payout

The Binary Pay Plan pays up to 20% on the CV of your lesser volume team until the total payout across the company reaches 60% of the collective company-wide CV. If the total company-wide payout is calculated to be over 60%, actual individual payouts will be adjusted down to make the total company-wide payout be 60%. If the total payout is under 60%, the difference will go into a company reserve to cover any weeks that the payout is higher. This is designed to ensure that One80 can always pay out the maximum amount possible to our Members without paying out too much, so that we can insure the stability of the pay plan long term.

Commission Schedule

The Retail Customer Bonus and Fast Start Bonus will be placed into your e-wallet instantly; and the Two Team Pay and the Generation Matching Bonus are entered every Wednesday with a one-week delay.

Rewarding Matching Bonus Program

In addition to the binary team structure, all your personally sponsored Members are also part of your "Sponsorship Organization" (aka sponsor tree) In your Sponsorship Organization, the Members you personally sponsor are placed on your first level (with unlimited horizontal expansion potential). And all the Members they personally sponsor are placed on your second level...and so on.

The One80 Matching Bonus Program allows you to earn a powerful matching bonus on the Binary Pay earned by Members in your Sponsorship Organization. Once you reach the rank of Executive or higher, you get a 10% weekly check match paid on up to four generations of Executive members or higher rank in your Sponsorship Organization. Note: Match is based on the Binary Pay only.

The start of a "generation" is recognized when a Member in your Sponsorship Organization has reached the rank of Executive or higher during a weekly pay period. The Generation Matching Bonus includes all Members below them in that team leg of your Sponsorship Organization until the tracking system encounters another Member in the same team leg who is also at the Executive rank or higher. That Member would then start your next generation.

Your Generation Matching Bonus can create a significant amount of additional income each week in your One80 business since a generation can represent large groups of Members as shown in the example.
